

Add a New Practitioner or Practice Listing

Required access: **WordPress Editor or Administrator**. Editor is enough.

1	Go to rebekahspureliving.com/wp-admin and sign in with your own account.
2	Select Medical Practicioners , then All Medical Practicioners .
3	Select Add New Medical Practitioner once.
4	Keep the new record as a Draft until every field is complete.
5	Open Medical Practitioner fields under Meta Boxes. Stop if the fields are missing.
6	Choose only the approved Medical Service category or categories.
7	Enter the approved Medical Center and exact public name.
8	Add the approved description in Visual mode and preserve paragraph breaks.
9	Add only approved public contact details. Test the phone, email, and website.
10	Review every field against the approved information.
11	Select Publish or Save once and wait for confirmation.
12	Clear only the applicable record, Breeze, or Varnish cache.
13	Open rebekahspureliving.com/practitioners/ with no extra address text.
14	Search the name, practice, or city and verify every public detail and link.
15	Open View full listing and repeat the check on a phone-size screen.

Do not create unnecessary duplicate records for one practice or team. There is no separate public practitioner page to manage.
