

Rebekah's

HEALTH & NUTRITION

Own your everyday wellness.

A warmer, clearer system for trusted wellness retail.

This guide turns nearly two decades of local trust into a practical identity for stores, ecommerce, education, events, and social media.

POSITIONING	Trusted guidance
PERSONALITY	Warm + grounded
DESIGN	Botanical + modern
MARKET	Four Michigan communities

Brand strategy

FOUNDATION

Core brand idea

Wellness feels possible when guidance feels personal.

POSITIONING

Rebekah's is the approachable Michigan wellness destination for people who want carefully selected products and real human guidance - without feeling overwhelmed, judged, or left to figure it out alone.

PROMISE

We help people make informed, practical choices that support their everyday wellness.

MISSION

Make trusted natural wellness products, education, and encouragement easier to access in every community we serve.

AUDIENCE

- Everyday wellness seekers who want clarity and confidence
- Customers managing changing routines, energy, stress, or nutrition goals
- Families who value ingredient quality, local relationships, and practical support
- Practitioners and informed shoppers seeking professional-grade options

Visual identity

COLOR + TYPOGRAPHY

Color system

Typography

Georgia Bold

Display / editorial warmth

Segoe UI Semibold

UI / navigation / labels

Use Georgia for headlines, pull quotes, campaign lines, and editorial moments. Use Segoe UI for body copy, product information, buttons, prices, forms, and operational content. Web fallback: Georgia -> serif; Segoe UI -> Arial -> sans-serif.

ACCESSIBILITY

Use Pine or Ink text on Cream, Mist, or White. Use White or Cream text on Pine. Honey is an accent, not a body-text color. Avoid Sage text on Cream and Berry text on Pine.

Logo system

RECOGNITION + FLEXIBILITY

Recommended direction

Retain the name recognition and botanical equity of the current logo, while simplifying the sprout into a scalable mark and removing visual clutter. The refreshed system supports horizontal, stacked, icon, and reverse applications.

Rebekah's

HEALTH & NUTRITION

PRIMARY LOCKUP

CLEAR SPACE

Keep clear space equal to the cap height of the letter H around every lockup. Minimum digital width: 220 px horizontal, 120 px stacked, 32 px mark.

APPROVED

- Pine/Leaf/Honey on Cream or White
- White reverse on Pine or dark photography
- One-color Pine for forms, labels, stamps, and embroidery

DO NOT

- Stretch, rotate, outline, or add effects
- Recolor leaves with unrelated hues
- Place over busy imagery without a field
- Use the legacy logo beside the refresh

TRANSITION NOTE

The supplied assets are a polished direction, not a trademark clearance. Confirm the final naming hierarchy ('Health & Nutrition' vs. legacy 'Source') and complete legal review before permanent signage or packaging production.

Voice + messaging

WARM EXPERTISE

Voice principles

WARM, NOT SUGARY

Speak person to person. Welcome questions and acknowledge uncertainty.

KNOWLEDGEABLE, NOT CLINICAL

Explain clearly. Do not diagnose, prescribe, or imply guaranteed outcomes.

EMPOWERING, NOT ALARMING

Offer choices and next steps without fear-based urgency.

GROUNDED, NOT TRENDY

Connect recommendations to quality, routine, education, and responsible use.

MESSAGE HOUSE

Own your everyday wellness.

Support: Carefully selected products. Knowledgeable people. Practical education. Local relationships. Online convenience.

CLAIM-SAFE LANGUAGE

Prefer: supports, may help maintain, designed for, part of a wellness routine, talk with a qualified professional. Avoid: cures, treats, prevents, reverses, guaranteed, miracle, doctor-approved unless substantiated and permitted.

Digital application

WEB + SOCIAL

Practical rules

WEB UI

Primary buttons: Honey field with Pine text. Secondary buttons: Pine outline. Use Cream as the default canvas, Mist for section bands, Pine for navigation/footer, and Berry sparingly for editorial emphasis. Keep product imagery bright, honest, and consistent.

SOCIAL PROFILE SYSTEM

- Avatar: leaf-and-path mark only; never squeeze the full wordmark into a circle.
- Cover: one promise, one proof line, one URL. Keep text centered in platform safe zones.
- Post mix: 40% education, 25% product guidance, 20% community/events, 15% founder/team.
- Photography: real staff, customers with consent, product texture, Michigan seasons, warm daylight.
- Caption formula: helpful hook -> plain-language insight -> practical next step -> measured CTA.

READY-TO-USE BIOS

Short: Trusted wellness products + personal guidance. Four Michigan locations. Shop online.

Instagram: Helping Michigan own everyday wellness since 2007. Trusted supplements, natural products & real guidance. Lapeer | Clarkston | Grand Blanc | Lake Orion.

CTA bank: Explore the collection. Ask our team. Save this for your next visit. Find your nearest store. Build a routine that fits real life.

Implementation

HANDOFF CHECKLIST

What is included

- 7-page client-facing brand guide (PDF)
- One-page brand board (PNG)
- Horizontal, stacked, mark, and reverse logo directions (SVG)
- Social avatar and Facebook cover (PNG)
- CSS and JSON design tokens
- Legacy logo archived for transition reference

90-DAY ROLLOUT

- 1. Confirm** Naming hierarchy, tagline, logo direction, and trademark review.
- 2. Standardize** Website header, email signatures, profile images, bios, and location listings.
- 3. Build** Reusable post, event, product, and educational templates.
- 4. Extend** Packaging labels, store signage, uniforms, and campaign photography.

SOURCE NOTE

Strategy is based on public website content reviewed July 15, 2026, including the home, Our Story, Meet the Owner, and Locations pages. Business facts should be verified by the client before production.
